**RE: REFERENCE LETTER: ENTERPRISE AND SUPPLY DEVELOPMENT
PROGRAMME - OPTIGROWTH**

Dear Sir/Madam,

Optigrowth has been a business support consultant to our Enterprise and Supplier Development Programme since 2018 and thus far we only received outstanding feedback from our beneficiaries regarding their engagements with their consultants.

The Optigrowth consultants have gone beyond the extra mile and have built a good rapport with the beneficiaries assigned to them. The consultants have become a stable and influential soundboard to the E&SD beneficiaries to bounce off new business ideas and initiatives. They are efficient, detailed orientated, extremely competent, and constantly in communication with the beneficiaries and provide detailed feedback to the GrandWest team.

I would highly recommend Optigrowth for any engagement or partnership as they enhance and provide great business support.

Yours Sincerely,
