THANK YOU

Thank you for your confidence and the referral you sent our way. We know that this means you're putting your company and personal name behind our offering and we don't take this lightly

We've created this program with 2 intentions:

1. Reward our committed and highly valued customer relationship;
2. To generated further business in a highly competitive, business coaching market.

This document explains and shows you the breakdown of our referral program and the applicable rewards that a referral could bring you.

TERMS & CONDITIONS

As with any program there are a few requirements that need to be shared and understood to claim maximum rewards.

For an OptiGrowth Customer to be eligible for a reward, you need to be subscribed - as a minimum - to our standard 4 hours per month package for 6 months or more.

Should you be an OptiGrowth Customer less than 6 months, your referral reward will initiate on the 6 month anniversary of your subscription.

The referral will need to sign a minimum 4 hours per month agreement with OptiGrowth and your benefits of this reward will be initiated on the first month's engagement of this agreement and continue for the reward term or if/when the referral subscription is terminated.

This is not a cash-back reward, but rather a discount on your agreed to rates of your subscription and these rates will be adjusted accordingly.

OptiGrowth will notify you of the rate changes via email correspondence rather that a contractual amendment in order to keep the process as simple as possible. However, the original contract terms and conditions will remain in effect - with the exception of the discounted rates.

The referral rewards are calculated according to following breakdown:
